Our Mission in Action

Since our founding in 2010, the Open Hearts Foundation has been shoulder to shoulder with those in need and has inspired thousands across the world to volunteer and do what they can to help others.

Volunteers at Paramount Ranch

The Foundation remains deeply committed to serve through its two primary programs: the grantmaking program and the Young Hearts Volunteerism program.

Critical Mass Dance Company

As a small foundation with an enormous mission, we are a movement of likeminded people working together for the greater good. Everyone is welcome.

We remained committed to turn adversity into opportunity in 2022 despite the lasting impact of the COVID19 pandemic.

Grantmaking Program

- In March, we invested the final grants from our [Emergency Relief Fund](#) providing immediate grants to six of our charity partners. **In total, \$464,550 was granted to over 22 charity partners since April of 2020.**
- **While the need continues to be heightened, we responded by evolving our ongoing grantmaking program.** We created a deeper alignment with the Open Hearts Philosophy and partnership with our charity partners. In October, we provided grants to [sixteen charity partners](#) serving vulnerable communities across the United States. About half of these grants were matched, doubling their impact.
- We piloted our very first virtual **Panel with a Purpose**, a conversation focused on the causes and issues we fund. In October, we featured experts from three of our charity partners and special guest, Christy Paul and shared resources and needs in honor of Domestic Violence and Awareness month.

Young Hearts Volunteerism Program

- We hosted over 50 volunteers and helped the Santa Monica Mountains National Recreation Area complete their first-year goal to **plant 50,000 native grasses and trees** as part of a restoration project due to the **2018 Woolsey Fires**.
- We empowered our **charity partners** by listing their [volunteer needs on our website](#) to encourage others to engage in their missions.
- We hosted a **social media #OpenHeartedChallenge** throughout **November** to inspire volunteerism across the world.

- **We hosted our first Gala since 2020** having to be nimble and find a safe window of opportunity in April. We are grateful to Jane Seymour for donating her private Malibu estate and to all our sponsors and donors who joined us for an incredible evening under the stars, along with the generous donations provided through our online auction and virtual cocktail hour guests.
- **We welcomed two new Board members to our Board of Directors** and strengthened our governance practices. Please join us in welcoming [Jane Inch and Mark Ebling](#) as fiduciaries and members of our esteemed, volunteer Board.
- **We are grateful to our growing circle of individual donors**, monthly donors, and donors who choose to fundraise for our mission on their favorite social media platforms.

Impact: Volunteering

"I wanted to reach out once again and thank you so much for all you did for me and the clients I brought from our group home to help volunteer at the Paramount Ranch.

Open Hearts is an organization that makes a difference and thank you for allowing us to be a part of that and be able to give back to the community.

As a nurse, a fan and volunteer it was truly the best day of my entire life."

Jeremy Bennett, volunteer

Impact: Grantmaking

“The generous gift from Open Hearts Foundation comes at a critical time for Manna Conejo Valley Food Bank. In 2022, we have seen twice as many new families come to shop for food as in 2021. Rising grocery and gas prices are straining the budgets of many of our neighbors.

With this gift, we will be better able to serve those facing food insecurity in our community by providing fresh produce, eggs, frozen meat, dairy, and pantry staples at our choice-based pantry in our new facility.”

Leanne Portzel, Executive Director

P.S. This is a matching grant. They raised over \$15,619 during their campaign. With double the funds, they will double their ability to serve!

We're so glad we found this place. We didn't know how we were going to get groceries on a regular basis.

Impact: Volunteering

Throughout the month of November, we challenged the world to volunteer to do what they can to help the planet, their city, their neighborhood, or their family and friends through the #OpenHeartedChallenge.

Today, Nov. 1st started the #OpenHeartedChallenge. I had a "drive free" self care day to help clean the air. Lounging in my cozy, soft poppies and @JanoSeymourDesigns nightshirt - added bonus! Let's all work together to make a difference for the greater good! @OpenHeartsFound

Today, starts the #OpenHeartedChallenge. This week let's "Care for your Planet." I took my dog for a walk (more like, she took me for a walk) 🐕🐕. It picked up trash in the neighborhood along the way. 🌿❤️ @OpenHeartsFound

Impact: Grantmaking

“This amazing matching grant from the Open Hearts Foundation will allow the Children's Lifesaving Foundation to support highly underserved Los Angeles families greatly affected by the COVID crisis through the Holiday Season, as well as to provide crucial college scholarships to very deserving and hard-working teenagers.

This is also a great opportunity for our supporters to further help support our CLF Step Forward Emergency Family Fund by donating directly to us to match this very generous grant.

We are so grateful to the Open Hearts Foundation and its supporters for this wonderful opportunity.”

Francesca McCaffrey, Chief Operating Officer

P.S. They made the match and raised \$11,827, doubling their impact!
